

Advance Care Planning

This Learning Pathway includes training in advance care planning (ACP) best practices, and information on how to bill for ACP conversations.

Care Planning

Learn techniques to help patients and their caregivers plan for the future, both during the early stages of a serious illness and as a disease progresses.

Basic Advance Care Planning: Introduce and Motivate

Identify the role of physicians and advanced practitioners in introducing patients to ACP.

Basic Advance Care Planning: Guide and Document

Build physicians' and advanced practitioners' skills in guiding and documenting ACP conversations.

Beyond the Conversation: Integrating Basic Advance Care Planning into Practice

Ways for physicians and advanced practitioners to integrate and bill for ACP in their practice.

Billing and Coding for Advance Care Planning (ACP) Services

Requirements, best practices, documentation requirements, and time thresholds for Advance Care Planning (ACP) services. Center to Advance Palliative Care, January 2024.

Prolonged Services Billing (2024 Update)

Deep dive on prolonged services billing in all care settings. January 2024

Reducing Risks for Older Adults

This course provides context and best practices for identifying older adults at risk for poor outcomes, including falls, delirium, and caregiving challenges.
