There is Power in Data

EMR optimization for data collection

Influence employee and volunteer recruitment

Track change over time

Identify strengths and needs of the community

Diversity Reflected in Workforce

Reflecting the community that we serve

-Staff

-Volunteers

-Partnerships

Developing Programs to Support Community Needs

Disease-specific programs

Telehealth to increase access

Strengthening community partnerships

Becoming a resource hub

Boots on the Ground

MEETING PEOPLE
WHERE THEY ARE

CELEBRATING WHAT
MATTERS MOST

EDUCATING BEFORE
A CRISIS
