

# Additional Skills for Registered Nurses Who Focus Primarily on Supporting People with Serious Illness

---

This Learning Pathway contains a comprehensive set of training and tools to help RNs who focus primarily on supporting people with serious illness address the unique needs of patients and families. Clinical topics include assessing patient needs and concerns, understanding patients' goals for care, addressing symptom burden, and helping patients to avoid crises and plan for the future.

## Assess the Needs and Concerns of Patients

### Introduction to Palliative Care for Health Professionals

An introduction to palliative care, how it is delivered, its impact on quality of life, and the growing population of patients who need it.

### Revised Edmonton Symptom Assessment System (ESAS-r)

Assesses for nine symptoms experienced by patients with serious illness and quantifies their severity. Alberta Health Services.
